Status of actions
The status of all actions in the Queensland Multicultural Action Plan 2016-17 to 2018-19 are current as at 30 June 2019.

Actions marked **Completed** are those for which the intended outcomes were achieved within the period covered by this Action Plan.

Actions marked **Partially Completed** are those for which not all of the intended outcomes were achieved, nor necessarily expected to be achieved, within the period covered by this Action Plan.

Actions marked **Not Completed** are those for which the intended outcomes have not been achieved within the period covered by this Action Plan.

**A number of the completed and partially completed actions are continuing beyond the period covered by this Action Plan.**
Priority area 1: Culturally responsive government

Outcomes
Improved knowledge about customers’ diversity
Culturally capable services and programs
A productive, culturally capable and diverse workforce

Improved knowledge about customers’ diversity

Queensland Government agencies are working together to support a consistent approach to collecting statistical information about the diversity of people who use their services. This will lead to better service planning, design and delivery, as we know more about the cultural and linguistic diversity of our customers.
