Schedule 2. Glossary and abbreviations

Glossary

Note: Terms indicated in brackets [ ] are defined in the glossary of the draft SPP, April 2013. In the final version of the regional plan, it is intended that the definitions for these terms will be consistent with the final version of the SPP.

Animal husbandry see the standard planning scheme provisions.

Biodiversity see the standard planning scheme provisions.

Bioregion means a region based on broad landscape patterns that reflect the major primary underlying geology, climate patterns and broad groupings of plants and animals.

[Cropping] see the Strategic Cropping Land Act 2011.

Ecotourism means nature-based tourism that involves education about and interpretation of the natural environment and is managed to be ecologically sustainable.

[Extractive resources] means natural deposits of sand, gravel, quarry rock, clay and soil extracted from the earth's crust and processed for use in construction. The term does not include a mineral as defined under the Mineral Resources Act 1989, section 6.

[Heritage place] includes a world heritage property, national heritage place, Queensland heritage place or local heritage place.

[Key Resource Area (KRA)] means an area that contains extractive resources of state or regional significance. This term includes the resource/processing area for the KRA, the separation area for the KRA and any associated transport route and transport route separation area.

[Matters of National Environmental Significance (MNES)] means the matters protected under the Environment Protection and Biodiversity Conservation Act 1999 (Cwlth), ch 2, pt 3:

- World heritage properties
- National heritage places
- Wetlands of international importance (listed under the Ramsar Convention)
- Listed threatened species and ecological communities
- Migratory species (protected under international agreements)
- Commonwealth marine areas
- The Great Barrier Reef Marine Park
- Protection of the environment from nuclear actions (including uranium mines).

[Matters of State Environmental Significance (MSES)] means the following natural values and areas protected under state environmental legislation:

- Protected area estates (including all classes of protected area except nature refuges and coordinated conservation areas) under the Nature Conservation Act 1992
- Fish habitat areas A and B under the Fisheries Act 1994
- Threatened species (including plants, animals and animal breeding places) under the Nature Conservation Act 1992
- Regulated vegetation under the Vegetation Management Act 2009 including:
  - ‘high value regrowth’ areas containing ‘endangered’ or ‘of concern’ regional ecosystems
  - Regional ecosystems identified as ‘watercourse’
- High conservation value wetlands under the Environment Protection Act 1994 including:
  - Wetlands assessed as containing ‘high’ or ‘very high’ values via a conservation assessment, or
  - Where a conservation assessment has not yet been completed; wetlands that intersect with areas shown in the ‘Directory of Important Wetlands’ and high ecological value wetlands and waterways declared under the Environmental Protection (Water) Policy 2009
- Legally secured offset areas.

[National heritage place] means a national heritage place under the Environment Protection and Biodiversity Conservation Act 1999 (Cwlth).
[Natural hazard] means a naturally occurring situation or condition, such as a flood, bushfire, landslide or coastal hazard, including erosion prone areas and storm tide inundation areas, with the potential for loss or harm to the community, property or environment.

Non-resident workers means people who fly-in/fly-out or drive-in/drive-out (FIFO/DIDO) to work and live in the area temporarily while rostered on, and who have their usual place of residence elsewhere. The Bowen and Galilee Basins’ non-resident populations comprise people working in the mining and gas industries, construction workers, and associated sub-contractors. Figures in this report refer to the number of non-resident workers on-shift, or present in the area at a given point in time, and should not be confused with total non-resident workforce numbers.

Priority Agricultural Area (PAA) means an area identified as a priority agricultural area in Map 1.

Priority Agricultural Land Use (PALU) means a land use included in class 3.3, 3.4, 3.5, 4 or 5.1 under the Australian Land Use and Management Classification Version 7, May 2010 published by the Department of Agriculture, Fisheries and Forestry ABARES, Australian Government.

Priority Living Area (PLA) means an area identified as a priority living area in Schedule 1.

Resource activity has the meaning given in the Environmental Protection Act 1994.

[Transport network] means the series of connected routes, corridors and transport facilities required to move goods and passengers and includes roads, railways, public transport routes (for example, bus routes), active transport routes (for example, cycleways), freight routes and local, state and privately owned infrastructure.

[World heritage property] means a declared world heritage property under the Environment Protection and Biodiversity Conservation Act 1999 (Cwlth).
