

Module 6. Strategic cropping land

The single code in this module, *6.1: Particular development on strategic cropping land state code* and therefore the entirety of this module, has been deleted due to the removal of the integrated development assessment system referral triggers relating to strategic cropping land (SCL). The Sustainable Planning Regulation 2009 (the Regulation) was amended on 13 June 2014 to remove all referral triggers in Schedule 7, table 3, relating to particular development on SCL or potential SCL.
